Mr. McAndrew is a Partner of Cleary Government Services, LLC, and he is located in Chicago, Illinois.

Mr. McAndrew is a CPA with over 10 years of experience in government contracting, accounting, auditing and finance. Mr. McAndrew began his career in 2011 with Deloitte & Touche, LLP, working in its Audit & Enterprise Risk Services practice. At Deloitte, he worked with a variety of public and privately held businesses, with a focus on the energy sector and regulated utilities. Mr. McAndrew later joined The Claro Group, LLC's Government Contracts Consulting service line where he focused on both consulting & government-focused audit engagements utilizing his accounting and financial service experience. This unique blend of skills and experience allows Mr. McAndrew to deliver value to a wide range of public and private clients in the government market space.

**Professional Experience**

- Capitalizing on his experience in government accounting, auditing, FAR and CAS compliance, Mr. McAndrew joined Cleary Government Services' accounting, consulting and audit practice in 2016. He joined in the firm's vision of providing Big 4 experience at small business prices to assist clients in becoming successful, compliant government contractors.
- Mr. McAndrew performs annual overhead audits for clients ranging in scale of operations from \$15M - \$15B in annual revenues. Our clients serve a variety of industries including: engineering, construction; water treatment and infrastructure, architecture, forestry management, etc. an include two of the top 10 E&C firms in the US. These engagements leverage Mr. McAndrew's unique combination of skills in accounting, government contracting and auditing.
- Designed and implemented governmental reporting structure for a \$5.5B E&C which acquired federal contracts through a mid-year acquisition of a \$6.0B A&E firm. Prepared Disclosure Statements and Incurred Cost Submissions to improve recoverability of Corporate Home Office structure with +\$200M in allocable costs.
- Developed the financial model to support a cost proposal in response to an "Other Transaction Agreement" (OTA) with the Federal government for a pharmaceutical company (\$26B Gross Revenue) to provide antibiotic treatments for bioterrorism threats, such as the plague. Presented the cost sharing arrangement between the pharmaceutical company and the U.S. government for the 5-year term of a +\$225M contract.
- Designed and implemented supplemental policies and procedures to bridge the gaps between current commercial practices and compliant government practices for a global provider of water and wastewater treatment services throughout the US. The client successfully passed the DCAA Pre-Award Accounting System Review which was an important milestone in our client entering the federal market.
- Guided a leading manufacturer of fiber-optic cable assemblies used in the aerospace industry in resolving various contract disputes and other audit related issues with its prime contractor. Successfully assisted the client in establishing price reasonableness while responding to a multitude of inquiries from the prime contractor's audit personnel. This resulted in an increase in the overall contract value of roughly 8% for the client coupled with a significant decrease in overall cost to the Government.
- Designed and implemented the policies, procedures, compliance programs and indirect rate structure for a construction firm entering the federal market aiding in the client's ability to secure +\$350M in revenue.
